Cuba Middle School Newsletter

September 2016

Greetings and welcome to the 2016/17 school year! I am honored to be taking over as principal of Cuba Middle School. I taught middle school English for many years and look forward to working with middle school students again.

I want to congratulate the students and staff of Cuba Middle School for bringing the school grade for the 2015/16 school year from an F to a C! There are many factors that go into the state calculating a school grade, but this is an important accomplishment. We will continue to work together in our commitment to student learning and bring that grade to an "A".

Shirley Hurford

Welcome to our new staff this year: Joy Borders teaching 6th and 7th grade English/ Language Arts, Mary Lou Gooris teaching Social Studies, Francis Sandoval, our new school counselor, & Ann Massey, the new Nurse's Aide.

Student Enrichment and Mentoring "Clubs" will begin September 9th and meet every Friday for the 2016/17 school year. Students can choose from a variety of enrichment club offerings and choose a new club every quarter. The club teacher will also be the students' mentor for that quarter. Study hall is available as an enrichment club, so if keeping up with school work is a problem, this may be a good choice!
